Introduction to Cyber Security

Understand what is offensive and defensive security, and learn about careers available in cyber.

Explore both offensive and defensive security. Start by learning basic offensive security concepts, where you will hack a vulnerable online-banking application. Get exposure to defensive security and protect a system by blocking an ongoing cyber attack. In this module, you will also learn about the different careers within cyber security.

Offensive Security Intro Hack your first website (legally in a safe environment) and experience an ethical hacker's job.

Defensive Security Intro Introducing defensive security and related topics, such as Threat Intelligence, SOC, DFIR, Malware Analysis, and SIEM.

Careers in Cyber Learn about the different careers in cyber security.

Next steps

Introduction to Offensive Security Understand what Offensive Security entails, and practice breaking into computer systems by exploiting applications and networks.

Introduction to Defensive Security Learn Defensive Security by using digital forensics in an investigation and applying security operations to stop a live cyber attack.

A screenshot of a web browser window showing the completion of an OpenVPN challenge on TryHackMe. The browser has four tabs open: 'New Tab', 'TryHackMe | Access', 'TryHackMe | OpenVPN' (the active tab), and 'Connected Successfully!'. The main content area displays a large orange keyhole icon with the word 'OPEN' and a green checkmark. Below it is the text 'Congratulations on completing OpenVPN!!!' followed by a small trophy emoji. A row of stats follows: 'Points earned 0', 'Completed tasks 6', 'Room type Walkthrough', 'Difficulty Easy', and 'Streak 1'. At the bottom, there are 'Leave Feedback' and 'Next' buttons, along with a taskbar at the bottom of the screen.

A screenshot of a web browser showing the TryHackMe Network Services room completion screen. The browser has several tabs open, including "TryHackMe | Network Services" which is the active tab. A green notification bar at the top right says "Woop woop! Your answer is correct". The main content features a network diagram icon with a checkmark, followed by the text "Congratulations on completing Network Services!!! 🎉". Below this are five stats boxes: "Points earned 344", "Completed tasks 11", "Room type Walkthrough", "Difficulty Easy", and "Streak 1". At the bottom, there are "Leave Feedback" and "Next" buttons, along with a system tray showing weather (26°C), smoke sensor (Smoke), and system status (ENG IN).
